

Prairie Basic Speech & Language Services is seeking a compassionate SLP to join our growing multidisciplinary clinic in Moose Jaw, Saskatchewan.

We offer:

- Flexible hours and scheduling
- The ability to shape your caseload
- A supportive, collaborative team
- Opportunities to help develop new services
- A neurodiversity-affirming, relationship-centred approach
- A growing referral base and established waitlist

Our clinic supports children, youth, and families through individualized assessment, intervention, education, and collaborative care. You'll work alongside professionals in speech-language pathology, lactation, dietetics, tutoring, and related services.

Experience with autism, AAC, speech sound disorders, language development, or fluency is an asset—but alignment with our values matters most.

Applicants must be eligible for, and licensed by, the College of Speech-Language Pathologists and Audiologists of Saskatchewan (CSASK).

Interested in creating a position that works for both your professional goals and your life?

Send your resume and a brief introduction to **prairiebasic@sasktel.net**. We'd love to meet you.
